## **ALL ASSOCIATION MEMBERS**

Circular Letter No. 16-1698

### **RE: Release of Experience Modification Factor and ACCEDE Computer Based Training Modules on MWCIA's Website**

The Minnesota Workers' Compensation Insurers Association Inc. (MWCIA) is pleased to announce the release of the **Experience Modification Factor** and **ACCEDE** Computer Based Training (CBTs) modules on MWCIA's website.

MWCIA continues to create CBTs to help educate carriers, agents, employers and other interested parties on pertinent topics and use of our software tools. We believe online training is a way for MWCIA to add value to carrier members and to help support the workers' compensation industry in Minnesota.

The current CBTs available on the MWCIA website are:

- ACCEDE – Software tool tutorial
- ARROW – Software tool tutorial
- Manage USR – Software tool tutorial
- ERM-14 (Ownership Form) – Tutorial on completing a change in ownership form
- Experience Modification Factor – Tutorial on the basics of Experience Modification Factors

We would encourage you and others at your organization to view our online training located at <http://www.mwcia.org/Online-Training>.

Let us know if you have any suggestions for future CBT topics or other comments by contacting MWCIA's Member & Customer Services staff at 952.897.1737 (Option 1) or via email at [underwriting@mwcia.org](mailto:underwriting@mwcia.org).
