Circular Letter No. 13-1642

RE: Upcoming Changes to MWCIA Web Experience Mod History

Minnesota Workers' Compensation Insurers Association, Inc. (MWCIA) is pleased to announce a new and improved Experience Mod History product coming to the MWCIA website in January, 2014. This new product will offer enhanced capabilities, easier access, and a new look. **Please alert appropriate staff to these upcoming changes:**

1. Experience Mod History will be integrated with the MWCIA Web Membership system. Agents and member carriers will be able to establish accounts and manage permissions for their staff to look up experience modifications and download ratesheets.

A Web Membership account will be required to download ratesheets. However, public access will remain available for experience modification history.

2. Member carriers will be provided with enhanced search and download capabilities. When granted permissions to do so, carrier users will be able to download ratesheets, individually or in bulk, in a variety of formats, including PDF, WCRATING text format, and WCRATING XML format.
3. For all users, the Experience Mod History interface will be updated and new lookup features will be available. A new Employer Lookup screen will provide coverage detail.

When the exact rollout date has been determined, MWCIA will issue another circular letter announcing that date. MWCIA will provide lead time for member carriers to establish Web Membership accounts and/or assign access privileges for Experience Mod History. Data for agents with current accounts will be migrated automatically.

If you have questions about Experience Mod History or the upcoming changes, please contact our Underwriting Department staff at 952.897.1737, Option 1. If you have questions about Web Membership, please contact Debbie Peterson at 952.897.6439 or debbie.peterson@mwcia.org.
