Circular Letter No. 97-1274

**RE: Managed Care Reporting**

The purpose of this circular is to remind the carriers of the proper use and reporting of managed care in Minnesota.

The Minnesota Statistical Plan Manual, pages 29, 41, and 47 provides for the proper coding when submitting unit statistical reports. The ASWG Coding Specification Manual is a national manual and does not correctly address Minnesota's managed care reporting.

The statistical report must indicate whether or not a *certified* managed care organization was utilized for Minnesota claim handling.

Very truly yours,

JOHN P. HILDEBRANDT

President
