RE: Error in Circular Letter 96-1264

A transposition error was discovered in Circular Letter 96-1264 dated October 28, 1996.

In the third paragraph beginning "The second item in this filing...", the reference to Code 7610 should be **7601**. The exhibits that were attached to Circular Letter 96-1264 did not contain the error.

Very truly yours,

John P. Hildebrandt

President
